Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at all druggists.

Democratic Primary Next Saturday, May 9.

... VOTE FOR ...

J. M. Alverson, of Stanford, is a candidate for the Legislature from Lincoln county, and is a very popular young man. For a number of years he has been connected with the Interior Journal, at Stanford, and has begun an aggressive campaign. —Lexington Herald.

J. M. Alverson, of Stanford, has announced himself as a candidate for Representative of Lincoln county. Mr. Alverson is a democrat of the old kind and a man of exceptional attainments in every particular and would be an honor to himself and constituency as well as one of the law-makers of the State. Should the Lincoln people honor him with the office he seeks, they will most assuredly never regret having done so.—Mt. Vernon Signal.

J. M. Alverson, of the Stanford Interior Journal, has announced as a candidate for Representative in Lincoln county. Mr. Alverson, besides being a mighty clever gentleman, has been a wheel-horse in his party, always working with the boys in the trenches and never asking for office before.—Lancaster Record.

JESSE M. ALVERSON,

Who was not born running or the Legislature and, unlike his opponent, does not want the office for life,

FOR REPRESENTATIVE OF LINCOLN COUNTY.

WAYNESBURG.

We hear we are to have a new depot soon. We hope it is true.

Mr. Hicks mashed his hand so he could not run his mill for several days. Picnics are in the very air. Come to see us on the 16th and enjoy the picnic with us.

Dutch and Bud Gooch are getting on very well with their new store building. It looks as if it will soon be ready for occupancy.

Mrs. Laura Gooch is still quite sick, but is improving. Mrs. L. I. Faulkner is visiting at this place. Mr. Delee Gooch is at home on a visit.

W. M. Gooch is still sick. He has been worse for some days. Mrs. Anna Daigh fell the other day and badly sprained her ankle and foot.

We are to soon have a new mill; a dog wood mill. It will be in operation soon. Now if we had something to work up our sour wood and sassafras, our county would be on a boom sure enough.

"Old Peg," Mrs. Alice Gooch's dog, died Monday. He was nearly 17 years old and all who attend church here will remember him, for he did not miss a single Sunday. As soon as the bell rung he would go and sit on the steps until his mistress appeared; then he would go in with her and stay until services were over.

The many friends of Mrs. Ohio Johnson are glad to see her out again. I. N. Witt will leave for Knoxville this week. Mrs. Amanda Griffin and daughter, Ora, were visiting Miss Howard this week. Dr. Davison, of Stanford, has been here for the last 10 days drawing teeth for a good many of our best people. He is a pretty good dentist if he does draw the blood once in a while.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. O. H. VanMetre, of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c and \$1.

Vote for John B. Chenault, of Madison, for Auditor

He is in the 8th Congressional district with us and a good division fence makes neighbors. Put a rail on the fence by voting for Mr. Chenault. We borrow mostly from our neighbors. It is our time to lend. We may be the next to borrow.

On Board The "Albany."

MAY 5.—After a protracted absence of several months from your columns, I will again "take pen in hand" for a few lines. I believe the last time I wrote the I. J. was from Cincinnati while taking in the Fall Festival. You will doubtless be surprised to learn that I am steamboating, but such is the case. I am clerk on the steamer Albany, of the Burnside & Hurkewille Transportation Line, which plys Cumberland river between Burnside and Celina, Tenn., and even lower down. This is only the second week of my boating experience. Have made two trips down the river, but failed to get back to Burnside until the river rises sufficient to let us over the shoals. That may be to a few days and again it may be several weeks. This is a lonely, desolate spot in which to be confined, but as I get plenty of newspapers I manage to pass the time away very well.

I left the employment of Mr. Mitchell Taylor, the "stave king of the mountains," on Feb. 23, and accepted a place with a certain company at Burnside, with the intention of going into the newspaper business, but regret to say that our plans did not materialize, and the project died a burning. I am going to Burnside Saturday to vote.

CLARENCE COLEMAN

"He Won't Die"

Of consumption" is a remark often made of a fleshy man. The remark expresses the popular recognition of the fact that the sign of consumption is emaciation, loss of flesh. On the other hand, a gain in flesh is a sure sign that wasting diseases are being cured.

Emaciated people with obstinate coughs, bleeding lungs, night-sweats and weakness, have been perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. The several steps of the cure were recorded in ounces and pounds of increasing weight. When there is gain in flesh the wasting disease is being surely cured.

Mr. Will H. Whitmore, of Afton, Rockingham Co., Va., writes: "Our son contracted a deep cold about the first of July, 1899, and had a terrible cough. We called a doctor and he pronounced it irritation of the bronchial tubes, with asthmatic trouble, and he informed me that my son was liable to die at any time. He told me that if we could keep the bronchial tubes open, he might cure him; but after treating him several weeks and my son growing worse all the time, I concluded to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I had seen several almost miraculous cures brought about by the use of these medicines, and of course I had wonderful faith in them. He used three bottles of 'Golden Medical Discovery' at home and one vial of the 'Pellets,' and was then well enough to go to West Virginia, taking a supply with him. I am just in receipt of a letter from him in which he quotes 'I am well and hearty and getting very fat.'"

The Common Sense Medical Adviser, 1008 large pages is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Too Great A Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. J. F. HOLDAM

THE State primary election will occur to-morrow. The withdrawal of his opponents, leaving Gov. Beckham a walk over for the nomination to succeed himself, has reduced interest in the contest and may result in a light vote unless the democrats are aroused to action. There are several other sharp contests for offices as important as that of governor, and it is hoped that such expression be given in the races as will make the nominees the decided choice of the voters. Every democrat ought to feel enough interest in the selection of nominees for his party to give a portion of the day for the purpose of helping to make the choice. Remember that to-morrow, Saturday, is the day.

THERE is little or no doubt about Lincoln county going for Mr. Henry M. Bosworth, of Fayette, for treasurer to-morrow, and as he seems to be equally as strong in the other counties of the State, his nomination is most certain. A better democrat nor a more competent man for the high office he seeks than Mr. Bosworth could not be found and the smooth sailing we believe he will have to-morrow is exceedingly gratifying to his legion of friends, of whom we are one. Think of the gentleman who arrested Caleb Powers and declined the big reward offered for him when you go into your booth and be sure to put your stencil in the square opposite his name.

HAD all the fiends been hanged who are charged with complicity in the assassination of Gov. Goebel, the assassination at Jackson might not have occurred. Those who laud the assassination of Goebel and have done everything in their power to prevent the conspirators from being brought to justice are responsible in large part for the lawlessness in Breathitt county. A number of newspapers that are expressing great sorrow over the assassination of Marcum, either printed no word of condemnation of the assassins of Goebel or openly defended it. The sheets sowed the seeds of anarchy that are now grown to full harvest in Breathitt.

IN an Illinois town a few days ago, one Negro was accused of an act of violence, and a white mob gathered and attacked a whole Negro settlement with guns and clubs and drove away all the Negroes who were not too badly injured to flee. Still more recently a mob of white caps in Indiana attacked three white women and a Negro, and among other things flogged their victims with barbed wire. As these States are north of the Mason and Dixon line, the "holier-than-thou" crowd will not vociferate as usual.

THERE have been 38 murders in Breathitt county in the last year—a record horrible to contemplate. Truly something should be done to prevent such taking of human life, but the question is, what is the best remedy.

POLITICAL.

The House of Commons has agreed to a guarantee of a Transvaal loan of \$175,000,000.

Judge M. J. Moss' majority for circuit judge in the Bell county district over Grant Forrester is only 100.

Augustus E. Wilson, of Louisville, has announced himself a candidate for the republican nomination for governor.

The Commoner also suggests Mr. Head, of Tennessee, as a presidential "possibility" for 1904. Mr. Bryan mentions these unheard of people in order, doubtless, that there will be no odor of compromise with himself.

The republican committee, of the 20th judicial district, comprising the counties of Adair, Casey, Cumberland, Metcalfe, Russell and Monroe, met at Columbia and ordered a primary election to be held August 1, to nominate candidates for circuit judge and Commonwealth's Attorney.

Morris B. Belknap, of Louisville, has announced for the republican nomination for governor.

The prohibitionists have named the following State ticket: Governor—T. B. Demaree, of Jessamine; lieutenant governor, O. T. Wallace, of Garrard; commissioner of agriculture, B. T. Ammerman, of Harrison; auditor, R. Sidney Easton, of Henderson; secretary of State, Charles Brenard, of Franklin; superintendent of public instruction, Miss H. E. Brooks, of Madisonville; attorney general, W. S. Stone, of Monticello; treasurer, J. A. Barrail, of Bullitt.

Mrs. Nancy Prewitt, of Liberty, the beloved mother of Geo. A. Prewitt, cashier of the Commercial Bank of Liberty, and Mrs. Wm. Hoskins, of the Weatherford Hotel, died Sunday after a long illness. She was hurried Monday near her old home on the Fork beside her husband.

A rare treat is in store for all who attend the Christian church here next Sunday. In addition to Bro. Montgomery's sermon there will be one or possibly two soprano solos by Miss Nell Quick, of Anderson, Ind. She has a highly cultivated voice acquired by years of close study and it is to be hoped she will render two selections. She is the guest of her former classmate, Mrs. W. C. McVee.

The entertainment at the college Friday evening was a most creditable affair to all concerned. The large audience indicated their hearty approval of every rendition with a generous applause. These generous testimonials of appreciation should encourage the lady promoters of this entertainment to arrange others, not only for the church benefit, but to keep alive the love of music in the hearts of our people; music being the highest degree of oratory. It would familiarize us with the works of the great masters and thus contribute those influences which give charm and grace to our lives.

Jottings On A Texas Trip.

SHERMAN, TEXAS, May 6.—After a stay of two weeks in this black, waxy belt of Texas, I will jot down a few things I have observed while here. We had a big frost on the 1st that hit down corn, cotton and potatoes in places. Corn is bad on account of dry, cold weather. Grass is good, alfalfa fine; first crop now cut and hauled on to the market at \$12 per ton. This is the grass for hay and grazing here. However, native grass is more abundant in some places.

Sherman is the county seat of Grayson; has between 15,000 and 20,000 inhabitants. It has the biggest cotton seed oil mill in the world, big cotton gins, mills and factories, four colleges, three banks—the M. & P. with \$600,000 capital; The Grayson County and Commercial Banks, \$100,000 capital each. Altogether they have a deposit of \$2,500,000. Has an electric line to Denison, nine miles north with a population of about 15,000 and is the railroad center of Northern Texas. Both are good towns, while right in the S. E. corner of the county is a good town and quite a cotton market. Howe and Van Aistyne in the south part of the county are good towns.

The county has about 75,000 population, contains about 1,000 square miles and lies just north of Collin and south of the Choctaw nation. Collin county, which was named for Collin McKinney, a native of Lincoln county, is a good county and McKinney, the county seat is a good town. There are lots of Kentucky people in Collin and Grayson counties and most of them are prosperous and happy. Others are still in the same old rut and there likely to remain.

You can have all kinds of weather in Texas in a few hours. They say out here that a man started to town a mile off with an ox team and it was so hot that he was skinned from the heat and while he was skinned a northerner came up and froze the other to death and he took both hides to town. Last winter it took four horses to pull the hind wheels of a wagon with a sack of coffee from the depot to a store. I will quit or I might get to lying.

In regard to the stallion, Antecarlo 2:26 1/2 you bought of T. H. We failed to mention at the time that Dr. Steele Bailey, of this place, was made president of the Kentucky State Medical Association at its last meeting. Dr. Bailey had served as secretary for 19 years and it was most fitting that he was honored by promotion. Dr. James H. Hullitt, of Louisville, was elected secretary. The association now has over 1,500 members.

THE Lexington Democrat says that Messrs. James Fry and W. C. Greening, of Hustonville, were in the city to look over the ground preparatory to starting a brick factory. THE damage suit of W. V. Richardson, of Danville, against the Louisville Post was knocked out on the plea that the Post Company's charter having expired the first of May, the alleged slanderer was dead, and therefore no suit of that character could be instituted or prosecuted. LECTURE FOR HUSTONVILLE - Ward Russell, known as "the Texas humorist," will deliver his famous lecture, "Lost Rib," at Hustonville Friday evening, May 15. Half of the proceeds of the lecture will go to the Christian church at that place. Following is what the Ennis, Texas, Budget says about Mr. Russell: "He is one of the few men in whom the humorist, the poet, the deep thinker, and brilliant speaker are combined."

THE suggestion of Hon. Geo. M. Davison that the governing authorities to the county of each of the two political parties meet and pass resolutions approving the issue of bonds for the purpose of building a court house is by far the best suggestion that has been made in connection with the proposition. By doing so the possibility of any effort by either party for political effect will be completely eliminated and the question will go before the people solely upon its merits, as it should do.

"BRO. BARNES" is preparing to take a hand in the Kentucky feud with a view to civilizing the participants by Dowleism. He passed through Newport route to Breathitt to preach the doctrine of Dr. Dowle to the citizens of that county in an effort to restore peace and harmony among the feudists. He declares his implicit faith in Dowle as Elijah II, and his ability to accomplish more among the lawless element in the State than a regiment of soldiers - Advocate.

NEWLAND - Mr. Thomas D. Newland, Sr., who made Lincoln county a most excellent sheriff several terms ago, announces this issue for the nomination, subject of course to the action of the democratic party. There are few more popular men or better democrats in the county than Mr. Newland and that he will prove a big factor in the race, no one will gainsay. He probably knows more men than any citizen in Lincoln and is well fitted otherwise to make a strong race for the nomination.

Clothing Pointers!

Quality, Fit and Workmanship

Should be noticed closely before a Suit is purchased. All these points are important. See that the coat fronts are well stiffened so that they will set up well on the chest and not wrinkle back, this keeps the lapels up in place whether the coat is buttoned or unbuttoned. The collars should be put on by hand. The button holes should be worked by hand. Our large stock of Perfect Fitting Clothing have all these points of superiority. We are the only dealers in Stanford selling Clothing made with PATENT SHAPE RETAINING COAT FRONTS. Our values are the best, our fits are perfect. See our large assortment of patterns.

THE DUFFORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A yellow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Dufford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Dufford's Black-Draught thousands of persons have dwelt in peace in the midst of yellow fever. Many families live in perfect health and have no other doctor than Dufford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used Dufford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

DIGNITY DARE.

COMBINED STALLION.

Foaled 1903, 15 3/4 hands high, weighs 1,200 pounds, bay with black points and a model in form with that wonderful style characteristic of the Chester Dare family so universally acknowledged as superior to all. As a show horse he has made a good record, winning in his class and in sweepstakes many blue ties. In his 3-year-old form Dignity Dare won 13 blue ties out of 14 shows in Central Kentucky. In harness he is very stylish, well gaited, with pure, decided action and with a little handling last fall stepped a 2.30 gait, a clip few saddle horses can show, making him a harness horse of the highest type. Under saddle he is attractive, bold, with best of line action, speedily separating his galts perfectly, with knee action necessary for an up-to-date sire. His colts, though young, are coming to the front and fast ranking him one of the best of breeders, which class bring sensational prices. His colts are large, rangy, with long, well-set neck, fine backs, broad, flat bone, with great action and best of color. I respectfully invite you to call and inspect them before looking your mares.

The Calk Powers case will not be tried at the pending term of the Scott circuit court. When the case was called at Georgetown the attorneys for the defense submitted a motion that Judge Cantrell vacate the bench. This motion was overruled and Judge Cantrell ordered the case held over to the 14th day of the term to enable the attorneys for the defense to apply for a rule of prohibition. Judge Cantrell said his purpose was to ascertain the meaning of the majority opinion of the appellate court rendered on the last appeal of the case. This opinion, he indicated, was contrary to a long line of appellate court decisions.
